THE ONLY GENUINE

Nail Puller that is a Trade Puller, with One Year absolute Guarantee.

WE GUARANTEE all the forged parts of "the Giant" against defects of material or make. If such parts are found defective within one year from sale, we will replace same.

You can't be deceived—your customers can't be disappointed, if the word **GIANT is on the Hammer.**

The GIANT, 1902, has been improved. Pattern 1901 was good, excellent, almost perfect. But make 1902 is better. Time, money, labor, endless experiment to get the best, has resulted in the production of steel as tough as adamant, and non-brittle to the point of highest perfection.

No tool requires a better steel than a Nail Puller.

" 2	"	3 "	—3 "	"	"	" 116 "	.....	15.00

No Nail Puller has as perfect a steel as the GIANT.

The Giant is acknowledged the best Trade Puller possible.

It is constructed on correct mechanical principles, so that one jab of the Rammer catches the nail—one pull of the handle lifts it out. The box is not split—the nail head not broken.

Every GIANT is warranted against defect of material or make, and any one found wanting will be replaced. The GIANT makes money and saves money, and it pays for itself in a few days.
